Accreditation as testing laboratory

Dear Mr. Khalek,

The Swiss Federal Office for the Environment (FOEN) hereby attests the successful completion of the accreditation procedure as specified in our letter from November 21, 2008.

As the Swiss Accreditation Service (SAS) confirmed the decision concerning extended accreditation by the American Association for Laboratory Accreditation (A2LA), the Swiss Federal Office for the Environment (FOEN) officially recognises the Southwest Research Institute (SwRI) as an accredited testing laboratory.

Hence, SwRI is listed on the FOEN website as an accredited testing laboratory according to Article 19b, Paragraph 1a of the Swiss Federal Ordinance on Air Pollution Control (OAPC).

Kind regards

Federal Office for the Environment FOEN

Dr. Martin Schiess
Head of Division
