**Leave**

**PERSONAL LEAVE.** Regular full-time staff members begin to accrue personal leave (vacation) hours immediately upon employment, beginning with 15 days (three weeks) per year for employees with less than eleven years of SwRI service, increasing incrementally to 20 days (four weeks) per year for employees with more than 15 years of service.

**MEDICAL & BEREAVEMENT LEAVE (M&BL).** Regular full-time employees receive 3.08 hours of M&BL each pay period (10 days per year). Regular part-time employees accrue M&BL based on hours actually paid. New employees are advanced 40 hours of M&BL.

**IMMEDIATE FAMILY HOSPITAL & BEREAVEMENT LEAVE.** Time off from work can be charged to M&BL up to 24 hours for conditions requiring hospitalization of a spouse or domestic partner or minor child. Bereavement leave of up to three days for funerals may also be granted when an immediate family member dies.

**PARENTAL LEAVE.** Parental leave for birth or adoption may be charged for regular full-time employees for up to 160 hours during the first 12 months following the birth or adoption. Regular part-time employees will be granted parental leave prorated based on scheduled work hours.

**HOLIDAYS.** Full-time employees receive eight paid holidays, plus three floating holidays per year. Part-time employees receive prorated holiday pay. Employees who start work after June 30 receive 12 hours of floating holiday pay.

Upon receipt of their military pay stub, regular employees may request the difference between military gross pay (pay and allowances) and their regular Institute base pay for up to 15 working days annually, if their Institute pay is higher than their military pay.

Participation is automatic upon regular employment. For more information, visit tiaa.org/swri. PLAN ENROLLMENT. Regular full-time or regular part-time employees 18 years of age or older are automatically enrolled in the SwRI Retirement Plan. (Temporary employees and student employees under age 18 may participate, but no SwRI contributions are provided.) CONTRIBUTIONS. SwRI automatically contributes 9 percent of the employee’s base salary up to the Social Security wage base and 11 percent in excess of the Social Security wage base. New regular employees are also automatically enrolled in the plan for an additional 5 percent voluntary pre-tax contribution, unless they complete an online pay reduction agreement to contribute more, less or even nothing. VESTING PERIOD. Employees are 20 percent vested upon two years of service, incrementally increasing to 100 percent upon six full years of service. If employment terminates prior to 100 percent vesting, the unvested portion of the account is returned to SwRI.

After the relocation expenses are reimbursed to the employee or paid directly to the provider, these amounts will be included in the employee’s taxable compensation, and applicable federal, state and local withholding taxes on these relocation expenses will be deducted from the employee’s pay.
