# The 8th International Supercritical CO<sub>2</sub> Power Cycles Symposium

February 26 – 29, 2024

Hilton Palacio del Rio  
200 South Alamo Street  
San Antonio, Texas

The 8th International Supercritical CO<sub>2</sub> Power Cycles Symposium will be held in San Antonio, Texas, February 26 - 29, 2024.

This is a technical meeting bringing together industry, academia, and government agencies to advance supercritical carbon dioxide power cycle technology. The goal of the symposium is to create a network of expertise and technical understanding in the field.

2024 theme is "The Role of sCO<sub>2</sub> in the Energy Transition."

## This foremost conference for sCO<sub>2</sub> Power Cycles features:

- Keynote presentations by industry and government leaders
- Technical papers and tutorials by experts
- Industry and government R&D panel sessions
- Networking reception, lunches, and dinner
- **New:** Opportunity for Technology updates

The symposium will be preceded by a tutorial session and industry-sponsored reception on Monday, February 26, 2024.
